SAMPLE PAGE | Contents of the full report

# What is in the full report

The full report tests the "Great Reset" narrative against published documents. It covers 68 entities (64 countries and territories and four blocs) in nine policy areas, and shows for each what exists, at what stage, what is next and what is missing.

**Table.** Contents of the full report (executive summary as chapter 1, chapters 2 to 11, Annexes A and B), with page numbers as printed in the report. Source: publisher, 11 November 2026.

| No. | Chapter | Page | What you get |
|---|---|---|---|
| 1 | **Executive summary** | 4 | The answer in brief; stage table by policy area; direction of travel; confidence by area; at a glance: where the 59 blanks and 169 secondary-only cells sit; heat map of all 68 entities |
| 2 | **Origins of the "Great Reset" and the narrative test** | 11 | What the "Great Reset" is documented to be; 19 popular claims rated against the texts; who mentions the WEF |
| 3 | **Digital currency and payments** | 16 | Stage of CBDCs and stablecoin rules in 68 entities; digital euro, digital ruble, US GENIUS Act; dated events |
| 4 | **Digital identity and data governance** | 23 | EU wallet deadline, national ID laws, data-protection dates; what is voluntary and what is mandatory |
| 5 | **AI governance and the effect of AI developments** | 27 | EU AI Act timetable after the 2026 delay; national laws, strategies and bills; AI and energy demand |
| 6 | **Carbon, climate and sustainable finance** | 31 | Climate laws, carbon pricing and CBAM; headline 2035 targets for priority countries; IMF and BIS relationships |
| 7 | **Migration and mobility** | 37 | EU Pact and Return Regulation by member state; Saudi labour reform; national rules in force |
| 8 | **Health governance: the Pandemic Agreement and the IHR amendments** | 41 | Pandemic Agreement and the 2024 IHR amendments; who rejected, who left; what the WHO can and cannot do |
| 9 | **Country status** | 45 | Dashboard of all 68 entities by nine policy areas; seven priority-country cards |
| 10 | **What happens next and what is missing** | 54 | Dated calendar to Jan 2028; evidence gaps and how to close them |
| 11 | **Investor implications** | 58 | Sector exposure tied to dated milestones; what to monitor; what not to rely on |
| A | **Annex A. Scope, method and evidence** | 62 | Evidence grades, stage conventions, review results, open items |
| B | **Annex B. Milestone Gantt charts** | 66 | Past and future dated milestones for every entity, 2023 to 2031, with numbered keys |

## Also available

- **Evidence Volume:** the chapter-by-chapter evidence behind the report, with the limits of each finding.
- **Country modules:** stand-alone profiles for Türkiye, Egypt, Saudi Arabia, Kazakhstan, Azerbaijan, Brazil and Argentina.
- **Data pack:** the status matrix (612 cells), the milestone dataset (716 dated rows) and the source register (1,138 sources).

SAMPLE PAGE | Dashboard

# Dashboard: where each policy area stands

We found evidence for 553 of 612 country-and-topic cells, and 382 rest on a primary text we read. The 59 empty and 169 secondary-only cells show where the picture is least certain.

**382 of 553**
**findings backed by a primary text**
69%; 169 secondary only, 2 unverified P

**59**
**cells not found (9.6%)**
Mostly migration, AI, stablecoins and digital ID P

**45**
**health cells inferred from absence**
No rejection in WHO circulars; not a state text; 47 with two presumed after a declaration P

**68 of 68**
**entities with a primary-text cell**
Depth still varies by entity P

| | 0 none | 1 study | 2 proposed | 3 adopted, not applied | 4 in force or pilot | 5 operational | X rejected | R rolled back | NF not found |
|---|---|---|---|---|---|---|---|---|---|
| Digital currency (CBDC) | 1 | 31 | 15 | 1 | 8 | 5 | 1 | 2 | 4 |
| Stablecoins and crypto | - | 3 | 9 | 8 | 33 | 3 | 2 | - | 10 |
| Digital ID and data | - | - | 2 | 8 | 34 | 14 | - | 1 | 9 |
| AI governance | - | 7 | 19 | 11 | 17 | - | - | 1 | 13 |
| Carbon and climate | - | 1 | 2 | 30 | 33 | - | - | 1 | 1 |
| Migration | 1 | - | 3 | 12 | 33 | 4 | 1 | - | 14 |
| Health (IHR, pandemic) | - | 1 | 2 | - | 54 | - | 8 | 2 | 1 |
| IMF, BIS, finance | 3 | 1 | 1 | - | 53 | 8 | - | - | 2 |
| Agenda 2030 and WEF | 1 | 3 | - | 27 | 31 | - | 1 | - | 5 |

SAMPLE PAGE | Country card

# Country card: Türkiye

Türkiye has laws in force for crypto, climate and migration; the digital lira is still in study, with no decision to issue.

Status by policy area, 11 November 2026. All nine cells rest on primary texts P.

| Digital lira | Crypto | ID and data | AI | Carbon | Migration | Health | IMF | Agenda 2030 |
|---|---|---|---|---|---|---|---|---|
| 1 | 4 | 3-4 | 4 | 4 | 4 | 4 | 4 | 4 |

**Table.** Türkiye: what exists and what is next (Table 9.2 of the full report). Source: central bank, Official Gazette, project matrix.

| Policy area | Stage | What exists | Next date |
|---|---|---|---|
| Digital lira | 1 | No issuance decision; 23 ecosystem projects passed to sandbox testing (3 Aug 2026) P | None fixed |
| Crypto | 4 | Law 7518 (Gazette 2 Jul 2024): licensing by the capital-markets board; prison for unlicensed activity P | None fixed |
| ID and data | 3-4 | Law 7578 (1 May 2026): no social media under 15, age checks, from about 1 Nov 2026 P | 31 Mar 2027: existing accounts verified S |
| AI | 4 | Circular 2026/9 (18 Aug 2026) puts the AI Action Plan 2026-2030 into effect; AI bills pending P | None fixed |
| Carbon | 4 | Climate Law 7552 (9 Jul 2025) creates an ETS; ETS Regulation 27 Aug 2026; 643 Mt cap in 2035 P | 9 Jul 2028: permits deadline |
| Migration | 4 | Law 6458 (2013), art. 91 temporary protection; EU refugee facility closed 6 Mar 2026 P | None fixed |
| Health | 4 | Not on WHO rejection lists (inferred); statement on the Montreux Convention P | None fixed |
| IMF | 4 | Article IV concluded (press release 13 Feb 2026); surveillance only P | None fixed |
| Agenda 2030 | 4 | 12th Development Plan uses the SDGs as reference; no "Great Reset" or WEF in its text P | None fixed |

## Gaps

The ETS Regulation leaves pilot dates to a board; the number of crypto licences granted is not verified. Further dated items: local climate plans due 31 Dec 2027 and a digital ID wallet prototype test in 2027 S.

- **How to read a card.** Stage shows how far a rule has gone: 0 none, 1 study, 2 proposed, 3 adopted not applied, 4 in force or pilot, 5 operational. Badge shows evidence: P primary text, S secondary only. All seven priority-country cards are in the full report; each also has a stand-alone country module.

SAMPLE

SAMPLE PAGE | What is next

# What happens next: 11 Nov to 31 Dec 2026

Most near-term dates are fixed in law. The big political files are targets that can slip. P

**Table.** Calendar, 11 Nov to 31 Dec 2026 (Table 10.1 of the full report). Source: milestone dataset and texts cited in the full report, 11 November 2026.

| Date | Event | Basis | Why it matters |
|---|---|---|---|
| 9-19 Nov 2026 | ILO Governing Body takes up the Saudi migrant-labour complaint P | Meeting | Tests the kafala-reform claim |
| 9-20 Nov 2026 | COP31, Antalya; leaders 11-12 Nov P | Meeting | Climate finance and transition roadmap |
| 13 Nov 2026 | India data rules: consent managers (Rule 4) in force P | Law | First phased duty under the 2023 Act |
| 13 Nov 2026 | WHO talks on the pathogen-access annex (IGWG9) scheduled to close S | Meeting | The annex gates signature of the Pandemic Agreement |
| 2 Dec 2026 | EU AI Act: new Art. 5 bans and Art. 50(2) marking apply P | Law | First AI Act dates after the Omnibus delay |
| Early Dec 2026 | IMF Board on Argentina's third review, about USD 900 m S | Expected | Press only; IMF release not yet issued |
| Dec 2026 | Egypt's IMF EFF ends; final review late 2026, no date found P | Programme | Last scheduled review; Board date unconfirmed |
| Dec 2026 | Council general approach on the EU ETS review targeted S | Target | Opens trilogues from Jan 2027 |
| Dec 2026 | Azerbaijan crypto bill expected in parliament S | Reported | Would be the first virtual-asset statute |
| Dec 2026 | Bank of Israel aims to decide on a digital shekel P | Target | Issue or not; legislation needed |
| End-2026 | Digital euro political agreement sought by the European Council P | Target | Gates the pilot (H2 2027) and issuance (2029) |
| 24 Dec 2026 | EU wallet: each Member State must offer one (computed) P | Law, derived | Date is not printed in the Regulation |

**Figure.** Twelve dated events to Dec 2027, coloured by how firm they are. Source: milestone dataset and texts cited in the full report, 11 November 2026.

## Notice

These sample pages are information only. They describe what published documents say and how far each rule has progressed. They are not investment, legal, tax or financial advice or a recommendation to buy, hold or sell any instrument. Findings rest on documents available on 11 November 2026; later events are not reflected.
